- Configuration of routing protocol STATICS, RIPV2, RIPng, EIGRP, OSPF
- IT Support
- OS Installation and troubleshooting
- Knowledge in DNS and DHCP
- Hardware installation and troubleshooting

PROJECT

DREAM HOME

Dream Home is an android application allowing people to select designs of houses which is suited for our plan. Here we do not need to go to meet an architect with our plan to get a suited design. The application allows user to choose the design which is suitable for his plan. The application also allowing people to select plans, interior designs, furniture's which is suited to their home.

Application contains 100+ new designed home plans for your dream home, which customers can choose and book if they wish according to their preference.

The system contains mainly two sections,

1. Android application for customer
2. Website for architect, exterior designer

Using the app, user can walk through varieties of home designs. They can chat with designer about the design. They also can send customized to plan according to their preference. Example sq. Feet, bed room numbers etc. to the designer to know about the feasibility and budget. Interior designers can upload various designing trends. Furnish designers can upload furniture design with its cost. User can easily search and buy this item within time span.

It is recommended that for optimal performance, the following minimum hardware are installed on the server on which the portal is hosted, as well as on clients that access the portal.

PROCESSOR : Intel Core I3

MONITOR : LCD Display

RAM : 4 GB

HARD DISK : 1 TB

SOFTWARE CONFIGURATION

For the proposed system to work properly, it is necessary that following software are installed and running on the server / client.

FRONT END : python,HTML

BACK END : My SQL

IDE : PyCharm , Eclipse

TECHNOLOGY USED : Android

OPERATING SYSTEM :WINDOWS 8/10 for better performance

WEB BROWSER :Internet Explorer/Google Chrome/Firefox

PERSONAL DATA

Father name : Prakasan P
Mother name : Jayanthi MD
Date of birth : 14-10-1999
Address : Pranav Nivas (H), Kollarkkunnu road,
Vakkethodi, Mullampara,
Manjeri po, Malappuram, Kerala, 676121
Nationality : Indian
Gender : Male
Marital status : Single
Phone no : 9072731106
Email : pranavprakash314@gmail.com
Languages Known : English, Hindi, Malayalam, Tamil
Hobbies : Play cricket, Enjoying music,
Travelling, Quotes reading.
Passport no : V0534012
Adhaar no : 8867 8098 2975

DECLARATION

I hereby declare that all the above stated information given are true to the best of my knowledge.

Place : Manjeri
